

Standpipe Rack Hose

SOFTFLEX rack hose is designed for quick and easy installation & annual refolding. Our hose is soft and flexible with a PU lining designed to stand up to multiple hydrostatic tests. Our couplings are all hydro tested after installation as per NFPA 1962 requirements to assure quality and performance. ULC and FM Approved.

FEATURES

100% VIRGIN POLYESTER

SINGLE JACKET, TWILL WEAVE

POLYURETHANE (PU) TUBE

PACKAGE

FOLDED, PACKED IN CARTON OF 2

APPLICATION

INTERIOR FIRE PROTECTION RACK HOSE IS

AN INTEGRAL PART OF THE BASE BUILDING

STANDPIPE FIRE PROTECTION SYSTEMS.

MODEL	PRODUCT DESCRIPTION	DIAMETER (INCH/MM)	SERVICE PRESSURE (PSI/BAR)	MINIMUM BURST PRESSURE (PSI/BAR)
RH-50	50' w/ Brass Couplings	1.5/40	150/10,200/13, 220/14, 250/17	450/30, 600/39, 660/42, 750/51 FM,UL,ULC
RH-75	75' w/ Brass Couplings	1.5/40	150/10,200/13, 220/14, 250/17	450/30, 600/39, 660/42, 750/51 FM,UL,ULC
RH-100	100' w/ Brass Couplings	1.5/40	150/10,200/13, 220/14, 250/17	450/30, 600/39, 660/42, 750/51 FM,UL,ULC
RH-75CHR	75' w/ Polished Chrome Couplings	1.5/40	150/10,200/13, 220/14, 250/17	450/30, 600/39, 660/42, 750/51 FM,UL,ULC
RH-100CHR	100' w/ Polished Chrome Couplings	1.5/40	150/10,200/13, 220/14, 250/17	450/30, 600/39, 660/42, 750/51 FM,UL,ULC

Standard lengths: 15m (50ft), 22.5m (75ft), 30m (100ft), also can be customized according to requirements

Fire Sprinkler Accessories

NOSREDNA HIGH IMPACT POLYCARBONATE

FOG NOZZLES are ULC Listed. They are manufactured to fit 1.5" fire hose couplings and adjustable position include Fog and Shut-off only. Suitable for Class A, B & C Fires. Maximum flow rate of 78 GPM at 100 PSI. Available in red or chrome molded finish.

NOSREDNA HIGH IMPACT POLYCARBONATE

FOG AND STREAM NOZZLES are ULC Listed. They are manufactured to fit 2.5" fire hose couplings and are adjustable positions include Fog, Stream and Shut-off only. Suitable for Class A, B & C Fires. Maximum flow rate of 150 GPM at 100 PSI. Available in red molded finish.

Nitrile Rubber and Double Jacket Fire Hose

NOSREDNA NITRILE RUBBER FIRE HOSE is excellent for water supply and municipal, industrial fire fighting. The polyester filament has a thin rib on the cover that increases performance and abrasion resistance. ULC Approved. Comes with aluminum couplings (CSA).

NOSREDNA DOUBLE JACKET EPDM RUBBER FIRE LINED HOSE is ideal for industrial fire fighting applications and Municipal Fire Department use. ULC and FM Approved. Comes with aluminum couplings.

NOSREDNA NITRILE RUBBER FIRE HOSE

FEATURES

NITRILE RUBBER

INCREASED ABRASION RESISTANCE

ALUMINUM COUPLINGS

NOSREDNA DOUBLE JACKET EPDM RUBBER FIRE HOSE

FEATURES

DOUBLE JACKET, EPDM RUBBER
